

Simplyhealth

United Kingdom

Phone: 0330 102 5356

We are a leading B-Corp certified health solutions company, committed to providing affordable healthcare, to support everybody's every day healthcare needs. Through our health and dental plans, including the market leading Denplan and number one provider of eye care packages, Ocuplan, we look after over two million customers.

We aim to support and protect the NHS through the provision of outpatient support to help people live their best lives. We don't have shareholders and since 1872 we've been led by our purpose of improving access to healthcare, for all in the UK.

We are changing the game, investing £60 million in new businesses to accelerate

the development of predictive and preventative healthcare services. Website:
